Here's what you get with a subscription to HousingWorks:

- **A comprehensive Housing Database of every kind of subsidized, affordable, special needs, non-market level housing, permanent or transitional.** We show you which waitlists are open and who's taking applications. We give you applications, pre-filled with your client's information. **This is the fastest and most accessible way of making you a housing expert, and you can help more clients in fewer hours. If you use our system, clients will be placed faster, or with less work!**
- **Access to applications to more than 5000 subsidized, affordable, and special needs housing programs;** you can generate these applications *pre-filled with your client's information*. **If you spend more than two hours a month asking for, or hand completing applications, this subscription will more than pay for itself.**
- **A practical means of updating waitlists** when your clients move, or experience a change in household size, income, or address. **This helps reduce *vacant-unit* time at many properties, and can shorten the time your client spends waiting for a unit offer.**
- **A simple cover page that simplifies the mailing of applications.** Buy #10 double window envelopes and fold the applications where indicated, so that the mailing addresses show in the envelope windows. **This saves you from buying mailing labels, hand addressing of thousands of applications, and ensures better delivery by the post office.**
- **A one-page Authorization Form** (back page of the OS-DC documents provided during your training session). This is a release form that both the client and the advocate should sign.
- **Reports**, including a way to track which applications have been sent, when, and to what waitlists. This allows your clients to check their status with individual housing authorities and management companies.
- **A confidential system for tracking clients who have disappeared.** This is handy if you receive an offer of housing or a voucher for your client, but the client has moved on; you may be able to locate them instantly and let them know they have a vacancy or voucher interview.
- **Accounts can be transferred at any time should a staff person leave.**
- **A shirt or totebag with a short, powerful slogan about the value of your work.**
- **Many of these waitlists cannot be located UNLESS you use HousingWorks**
