

Three of the 30% AMI units are set aside for “Community Based Housing” or “CBH” units

These units are only for people with disabilities, including elders, priority for if in institution, nursing facility, or at risk of institutionalization.

To apply to the CBH units, you need to call 617-433-9755 or TTY 711 and see if there is a special application for these.

(If you have a voucher or make a good income, you should apply to the affordable units for this lottery instead of trying to get on the CBH waitlist.)
